1. Embarkation and debarcation of Soviet troops at the Rumanian port of Constanta is again on a scale recalling that when the Soviet troops were here in 1945 and 1946. There is an extraordinarily large number of Soviet troops in Constanta, though an exact estimate of their forces and unit identifications cannot be given immediately. Some of these units are stationed at Constanta. Others are in transit to destinations which source is trying to ascertain.
2. The conduct of the Soviet troops has been bad. During the last few weeks of Dec 53, the Constanta area has been practically an invaded area. One hears of nothing but assaults, robberies, and violations by the Soviet military forces.
